

Institute of Transformative Bio-Molecules (WPI-ITbM)
Nagoya University

Graduate Program of Transformative Chem-Bio Research
Nagoya University

ITbM-GTR Seminar

Date	Nov. 15th, 2023 (Wed)
Time	16:30-18:00
Place	1F Neorex Place Seminar Room, Science South Building

Prof. Leif Andersson

Professor in Functional Genomics,
Uppsala University

Professor of Animal Genomics,
Texas A&M University

Part 1 → **Genome biology of the Atlantic herring - population structure, natural selection and adaptation**

Part 2 → **Community-wide genome sequencing reveals 30 years of Darwin's finch evolution**
