

# Insect Neuroscience Symposium

## Chun-Hong Chen, Ph.D

National Mosquito-Borne Disease Control  
Research Center, NHRI, Taiwan  
'Circadian Rhythms in Aedes Mosquitoes'

## Toshiharu Ichinose, Ph.D

Frontier Research Institute for Interdisciplinary  
Sciences, Tohoku University, Japan  
'Cell type distinction and adaptation through  
translational regulations in the *Drosophila* brain'

## Matthew Su, Ph.D

Institute for Advanced Research,  
Nagoya University, Japan  
'The influence of the circadian clock on  
mosquito hearing systems and behaviors'

**Tuesday May 7<sup>th</sup> 2024**

English

**09:00-12:30**

**Science G Building G101**
