

Call for application to GTR program (2021)

Nagoya University of WISE Program (Graduate Program of Transformative Chem-Bio Research) is inviting first semester of PhD students who entered in 2021 to apply for the GTR program as follows.

If you are planning to enter the doctoral program, please consider applying for this program.

Admission Policy

We look for talented individuals who possess sufficient fundamental knowledge and skills to acquire a high degree of expertise, the ability to express themselves appropriately, exuberant curiosity in broad areas ranging from chemistry to life sciences, and the ability to work on their research in a responsible way in cooperation with many types of people. Selection is carried out based on reviewing the application documents and interviews.

Eligibility for Application

- Students who entered (will enter) the Master's Program in Nagoya University in April (or October) 2021 and planning to advance to the doctoral program.
- ✕Graduate Schools, Departments, and Divisions inviting applications :
Graduate School of Science (Department of Chemistry, Division of Biological Science), Graduate School of Engineering (Department of Chemistry and Biotechnology), Graduate School of Bioagricultural Sciences, and Graduate School of Pharmaceutical Sciences
- Students with goals consistent with the educational and research principles of the program

Application period

The 1st application period : April 1, 2021~17:00 on May 31, 2021

The 2nd application Period : June 1, 2021~17:00 on July 30, 2021

✕If the number of applicants reaches the maximum in the first period, the second period may not be held.

Application procedure

Please send your application form (in PDF format) and applicant information (in excel format) to GTR student support office via email by deadline.

Email address for submission : gtr@itbm.nagoya-u.ac.jp

Acceptance announcement

Evaluate by document review (application for admission) and interview. During the interview, students will be asked questions and answers about the contents of the application for admission (About 10 minutes.), and their research ability as well as their understanding and willingness to participate in the program will be comprehensively evaluated. The successful candidates will be determined and notified.

Handling of Personal Information

The name, address, and other personal information you provide at the time of application will be used only for management of this program such as "acceptance announcement", "Interview", "examination of documents" .

Submission/Contact

GTR Student support office, Nagoya University of WISE Program (Graduate Program of Transformative Chem-Bio Research)

Chikusa, Nagoya 464-8602 Japan, Room 217, School of Science/Graduate School of Science, Building B
