

International Workshop on Plant Nutritional Responses 2019

Date and Time : Dec. 2 (Mon), 13:00-17:45

Venue : SA329, Science and Agricultural Building, Nagoya University
(<https://goo.gl/maps/z39LycJMootdWzVA9>)

Program

13:00-13:10 **Opening**

13:10-13:45 **Takatoshi Kiba (Nagoya University, Japan)**

“Regulation of nitrogen starvation responses”

13:45-14:20 **Sandrine Ruffel (CNRS/INRA/Montpellier, France)**

“Nitrogen signaling in *Arabidopsis*. A focus on nitrate-related systemic signaling”

14:20-14:55 **Satoru Okamoto (Niigata university, JST PRESTO, Japan)**

“A study of root-to-shoot long-distance mobile peptides”

14:55-15:30 **Mika Tsugane (NIBB, Japan)**

“Root architecture system in response to the nitrate environment”

15:30-15:50 **Break**

15:50-16:25 **Gabriel Krouk (CNRS, France)**

“A systems view of nitrogen signaling interactions”

16:25-17:00 **Fanny Bellegarde (Nagoya University, Japan)**

“Research of chromatin effectors involved in CK biosynthesis genes regulation in response to nitrate”

17:00-17:35 **Takushi Hachiya (Shimane University)**

“Excessive assimilation of ammonium by plastidic glutamine synthetase causes ammonium toxicity”

17:35-17:45 **Closing**
